

Kevin Smith

Data Scientist | Tiffanyport, NE | vsmith@example.org | 495.866.1978x49292

Summary

Data Scientist with 5+ years of experience across A/B Testing, Python, SQL, delivering measurable business impact through data-driven solutions.

Employment History

Data Scientist

Holder, Hess and Villa, Tiffanyport, NE | 2022 - Present

- Led 39 A/B tests to validate model impact before production rollout
- Deployed 33 ML models into production serving real-time predictions
- Automated feature engineering pipeline, cutting model iteration time by 62%

Data Scientist II

Farmer, Lawrence and Diaz, Randallborough, MT | 2018 - 2022

- Deployed 10 ML models into production serving real-time predictions
- Developed a machine learning model improving prediction accuracy by 18%

Education

B.S. in Computer Science, East Tina University, 2016

Skills

A/B Testing, Python, SQL, Statistics, TensorFlow, Pandas
