

Kenneth Baker

Senior Data Scientist | Mcdonaldmouth, MH | sparksmichele@example.net | (626)403-0622

Summary

Senior Data Scientist with 9+ years of experience across Statistics, TensorFlow, PyTorch, delivering measurable business impact through data-driven solutions.

Employment History

Senior Data Scientist

Carlson, Burnett and Williams, Mcdonaldmouth, MH | 2021 - Present

- Led 12 A/B tests to validate model impact before production rollout
- Developed a machine learning model improving prediction accuracy by 49%
- Deployed 11 ML models into production serving real-time predictions

Data Scientist II

Rodriguez, Turner and Smith, Cameronbury, DC | 2020 - 2021

- Built a churn model saving an estimated \$37K in annual revenue
- Automated feature engineering pipeline, cutting model iteration time by 13%

Education

M.S. in Computer Science, West Krista University, 2017

Skills

Statistics, TensorFlow, PyTorch, scikit-learn, SQL, A/B Testing
