

Carrie Arellano

Data Scientist II | South Kyle, TN | george22@example.org | 321-707-7805x923

Summary

Data Scientist II with 5+ years of experience across TensorFlow, scikit-learn, SQL, delivering measurable business impact through data-driven solutions.

Employment History

Data Scientist II

West, Smith and Sanders, South Kyle, TN | 2021 - Present

- Built a churn model saving an estimated \$35K in annual revenue
- Automated feature engineering pipeline, cutting model iteration time by 47%
- Developed a machine learning model improving prediction accuracy by 54%

Data Scientist

Merritt-Cox, Lake Chelsea, ID | 2017 - 2021

- Developed a machine learning model improving prediction accuracy by 30%
- Led 36 A/B tests to validate model impact before production rollout

Education

M.S. in Computer Science, West Michellechester University, 2014

Skills

TensorFlow, scikit-learn, SQL, Pandas, PyTorch, A/B Testing
