

John Wagner

Machine Learning Engineer | Port Gary, KS | kathrynjohnson@example.com | 001-713-748-2171

Summary

Machine Learning Engineer with 12+ years of experience across CI/CD, Feature Stores, Docker, delivering measurable business impact through data-driven solutions.

Employment History

Machine Learning Engineer

Miller-Montes, Port Gary, KS | 2021 - Present

- Reduced model inference latency by 17% through quantization and batching
- Built a feature store reducing feature engineering duplication by 15%
- Productionized 22 ML models serving 61K+ requests per day

Senior ML Engineer

Allen Ltd, Perryport, SD | 2018 - 2021

- Implemented CI/CD pipelines for 33 ML services with automated retraining
- Collaborated with data science to scale 33 models from prototype to production

Education

B.S. in Mathematics, Anthonystad University, 2017

Skills

CI/CD, Feature Stores, Docker, AWS SageMaker, PyTorch, Kubernetes
